4. DETAILS OF THE OFFER

4.1 Overview of Transaction

As announced to ASX on 30 August 2016, the Company proposes to undertake the following transactions:

- (a) subject to Shareholder approval and the satisfaction of certain other conditions, to buy-back and cancel 100,016,305 Shares currently held by Woolworths Limited;
- (b) to complete an institutional placement of 63,900,000 Shares under its current 15% placement capacity to raise approximately \$1.6 million (**Placement**);
- (c) to undertake a fully underwritten 4 for 5 non-renounceable entitlement issue of Shares to existing Shareholders to raise approximately \$8.5 million (**Offer**);
- (d) to issue up to 129,049,733 Shares to senior executives and managers of the Company under the Company's Executive and Employee Share Plan (**Share Plan**); and
- (e) to repay \$4.7 million of existing debt, refinance the remaining debt, and procure the removal of Woolworths Limited as a guarantor of that debt,

(together, the **Transaction**).

Gage Roads Brewing Co. Limited (**Gage Roads or the Company**) launched a new five-year operational strategy, "Returning to Craft", in May 2016 (refer: ASX announcement and presentation, 16 May 2016) underpinned by the rapidly growing demand for high quality craft beer in Australia.

Gage Roads' revised strategy is focused on growing its proprietary craft beer portfolio and the production of consistently high quality, higher margin products. Gage Roads is one of the largest independent craft beer brands in Australia and the only brewer currently listed on the ASX.

Integral to the Company's strategy is building a greater awareness of its brands through the expansion of its national sales and marketing team. The Company has a coordinated plan to open up opportunities for consumers to trial its products and engage with the Gage Roads brand values and ethos, through hotels, pubs and retail outlets nationally.

Since 2009, Woolworths Limited (ASX: WOW) has been a major shareholder of Gage Roads, providing production, supply and distribution support to the Company, and access to up to 25 per cent of the total beer market in Australia.

Gage Roads will retain the continued support of Woolworths via the recently executed three-year extension, with a further two-year option, of its supply and distribution agreement with Pinnacle Liquor Group Pty Ltd, a subsidiary of Endeavour Drinks Group (formerly Woolworths Liquor Group), as announced in May 2016. Over time the supply agreement with Pinnacle sees the Company slowly un-wind the volume of contract production as we aim to replace that volume with growth of our proprietary brands.

The proposed buy back of Woolworth's shareholding in Gage Roads is aligned with the Company's commitment to growing its in-house brands, lessening its dependence on the

contract brewing of mainstream beers and opening up distribution channels of its products to the remaining 75 per cent of the Australian beer market.

The proposed Transaction will provide Gage Roads with the ownership structure and financial flexibility, through materially lower debt and increased operational cash flows, to successfully deliver upon its Returning to Craft strategy.

Further details of the Transaction are set out in the ASX announcement dated 30 August 2016, and the Notice of Meeting released on ASX on the same date.

The Offer is being made pursuant to this Prospectus.

4.2 The Offer

The Offer is being made as a non-renounceable entitlement issue of 4 Shares for every 5 Shares held by Shareholders registered at the Record Date at an issue price of \$0.025 per Share. Fractional entitlements will be rounded down to the nearest whole number.

Based on the capital structure of the Company as at the date of this Prospectus, a maximum of 341,065,834 Shares will be issued pursuant to this Offer to raise up to \$8,526,645.

All of the Shares offered under this Prospectus will rank equally with the Shares on issue at the date of this Prospectus. Please refer to Section 6 for further information regarding the rights and liabilities attaching to the Shares.

The purpose of the Offer and the intended use of funds raised are set out in Section 5.1 of this Prospectus.

4.3 Offer of Options

Pursuant to this Prospectus, the Company also offers to issue to Argonaut Capital Limited (or its nominees) 15,000,000 Options in accordance with the terms of the Underwriting Agreement. Please refer to Section 8.5 for further details of the terms of the Underwriting Agreement.

4.4 Minimum subscription

There is no minimum subscription.

4.5 Acceptance

Your acceptance of the Offer must be made on the Entitlement and Acceptance Form accompanying this Prospectus. Your acceptance must not exceed your Entitlement as shown on that form. If it does, your acceptance will be deemed to be for the maximum Entitlement.

You may participate in the Offer as follows:

- (a) if you wish to accept your full Entitlement:
 - (i) you may do so in accordance with the BPAY® instructions as provided in clause 4.7; or
 - (ii) complete the Entitlement and Acceptance Form; and
 - (iii) attach your cheque, drawn on an Australian bank or bank draft made payable in Australian currency, for the amount indicated on the Entitlement and Acceptance Form; or
- (b) if you only wish to accept part of your Entitlement:

- (i) you may do so in accordance with the BPAY® instructions as provided in clause 4.7; or
 - (ii) fill in the number of Shares you wish to accept in the space provided on the Entitlement and Acceptance Form; and
 - (iii) attach your cheque, drawn on an Australian bank or bank draft made payable in Australian currency, for the appropriate application monies (at \$0.025 per Share); or
- (c) if you do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

4.6 Payment by cheque/bank draft

All cheques must be drawn on an Australian bank or bank draft made payable in Australian currency to "Gage Roads Brewing Co Limited – Entitlement Issue Account" and crossed "Not Negotiable".

Your completed Entitlement and Acceptance Form and cheque must reach the Company's share registry no later than 5:00pm WST on the Closing Date.

4.7 Payment by BPAY®

For payment by BPAY®, please follow the instructions on the Entitlement and Acceptance Form. You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions. Please note that should you choose to pay by BPAY®:

- (a) you do not need to submit the Entitlement and Acceptance Form but are taken to have made the declarations on that Entitlement and Acceptance Form; and
- (b) if you do not pay for your Entitlement in full, you are deemed to have taken up your Entitlement in respect of such whole number of Shares which is covered in full by your application monies.

It is your responsibility to ensure that your BPAY® payment is received by the share registry by no later than 4:00pm (WST) on the Closing Date. You should be aware that your financial institution may implement earlier cut-off times with regards to electronic payment and you should therefore take this into consideration when making payment. Any application monies received for more than your final allocation of Shares (only where the amount is \$1.00 or greater) will be refunded. No interest will be paid on any application monies received or refunded.

The Offer is non-renounceable. Accordingly, a Shareholder may not sell or transfer all or part of their Entitlement.

4.8 Underwriting

Argonaut Capital Limited has been appointed as underwriter to fully underwrite the Offer. Refer to Section 8.5 of this Prospectus for details of the terms of the underwriting.

4.9 Effect on control of the Company

The effect of the Underwriting Agreement on the control of the Company:

The Underwriter presently is not a Shareholder of the Company and the extent to which Shares are issued pursuant to the underwriting will increase the Underwriter's voting power in the Company. The Underwriter is not a related party of the Company for the purpose of the Corporations Act. The Underwriter's present relevant interest and changes under several scenarios are set out in the table below.

Event	Shares held by Underwriter	Voting power of Underwriter
Date of Prospectus (30 August 2016)	0	0%
• Fully subscribed	0	0%
• 75% subscribed	85,266,459	11.11%
• 50% subscribed	170,532,917	22.22%
• 25% subscribed	255,799,376	33.33%
• 0% subscribed	341,065,834	44.44%

The number of Shares held by the Underwriter and its voting power in the table above show the potential effect of the underwriting of the Offer. However, it is unlikely that no Shareholders will take up Entitlements under the Offer. The underwriting obligation and therefore voting power of the Underwriter will reduce by a corresponding amount for the amount of Entitlements under the Offer taken up by the Shareholders.

Pursuant to the terms of the Underwriting Agreement, the Company has agreed to issue the Underwriter (or its nominees) 15,000,000 Options in part consideration for the underwriting services provided by the Underwriter. In the event that the Underwriter retains and exercises these Options, its voting power in the Company will increase at the time of exercise of the Options. The exercise of the Options and subsequent increase of the Underwriter's voting power will be subject to the restrictions in Chapter 6 of the Corporations Act.

The effect of sub-underwriting agreements on the control of the Company:

The Underwriter has entered into a number of sub-underwriting agreements in relation to the Offer. The allocation of Shortfall Shares to the sub-underwriters will reduce the number of Shares held by the Underwriter following completion of the Offer.

The Underwriter has advised that, to the best of its knowledge, only one sub-underwriter will increase their holding in the Company above 5% as a result of sub-underwriting the Offer. This sub-underwriter is an institutional sub-underwriter which is not a related party of the Company.

The Underwriter has entered into a sub-underwriting agreement with Mr John Hoedemaker and Mr Robert Gould, who are related parties by virtue of being Directors, and Ms Carol Olson, who is a related party by virtue of being the parent of a Director. Mr Hoedemaker, Mr Gould and Ms Olson have agreed to sub-underwrite 14,876,280 Shares, 4,000,000 Shares and 2,800,000 Shares respectively. A summary of the sub-underwriting agreements with Mr Hoedemaker, Mr Gould and Ms Olson (together, the **Related Party Sub-underwriters**) are set out in Section 8.7 below.

The table below shows the maximum potential voting power of the Related Party Sub-underwriters in the following scenarios:

Scenario 1 assumptions:

- (a) each of Mr the Related Party Sub-underwriters take up their full Entitlement, are allocated the full number of their sub-underwritten Shortfall Shares, and (if applicable) are issued the maximum number of Shares pursuant to the Share Plan as contemplated by this Prospectus; and
- (b) a total of 534,015,567 Shares are issued pursuant to the Placement, the Offer and the Share Plan; and
- (c) 100,016,305 Shares are bought-back from Woolworths Limited and cancelled.

Scenario 2 assumptions:

- (d) each of the Related Party Sub-underwriters take up their full Entitlement, are allocated the full number of their sub-underwritten Shortfall Shares, and (if applicable) are issued the maximum number of Shares pursuant to the Share Plan as contemplated by this Prospectus; and
- (e) no other Shares are issued pursuant to the Placement, the Offer and the Share Plan; and
- (f) the Buy-Back does not proceed as it is conditional upon the Company completing a minimum capital raising of \$6.7 million.

Related Party Sub-underwriter	Shareholding post Transaction	Voting Power – Scenario 1	Voting Power – Scenario 2
John Hoedemaker	57,053,994	6.63%	11.62%
Robert Gould	16,349,725	1.90%	3.33%
Ms Carol Olson	2,800,000	0.33%	0.57%

Interests of substantial holders:

Based on publicly available information as at 26 August 2016, those persons which (together with their associates) have a relevant interest in 5% or more of the Shares on issue are set out below:

Shareholder	Shares	%
Woolworths Limited	100,016,305	23.46%
Mr Shimin Song	51,881,412	12.17%

As announced to ASX on 30 August 2016, the Company will seek Shareholder approval to buy back all of the Shares held by Woolworths Limited at a price of \$0.015625 per Share. Woolworths Limited has confirmed that it will not subscribe for any of its Entitlement under the Offer. Accordingly, the voting power of Woolworths Limited will not increase as a result of the Offer.

In the event that Mr Shimin Song takes up his full Entitlement and the Underwriter subscribes for (or procures subscriptions for) all of the Shortfall Shares, there will be no increase in Mr Song's voting power on completion of the Offer.

In the event that Mr Shimin Song takes up his full Entitlement, no other Shareholders take up their Entitlements, and the Underwriting Agreement is terminated for any reason, the maximum potential voting power of Mr Song will be 19.96%. However, it is unlikely that no other Shareholders will take up their Entitlements. Mr Shimin Song's maximum voting power would also be reduced to the extent that additional Shares are issued pursuant to the Transaction. Please refer to Section 5.4 for further details of the proposed capital structure after completion of the Transaction.

Dilutionary effect on Shareholders

In addition, Shareholders should note that if they do not participate in the Offer, their holdings are likely to be diluted by approximately 44% (as compared to their holdings and number of Shares on issue as at the date of the Prospectus). Examples of how the dilution may impact Shareholders is set out in the table below:

Holder	Holding as at Record date	% at Record Date	Entitlements under the Offer	Holdings if Offer not taken Up	% post Offer
Shareholder 1	10,000,000	2.35%	8,000,000	10,000,000	1.30%
Shareholder 2	5,000,000	1.17%	4,000,000	5,000,000	0.65%
Shareholder 3	1,500,000	0.35%	1,200,000	1,500,000	0.20%
Shareholder 4	400,000	0.09%	320,000	400,000	0.05%
Shareholder 5	50,000	0.01%	40,000	50,000	0.01%
Total	426,332,293		341,065,834		767,398,127

Note - The dilutionary effect shown in the table is the maximum percentage on the assumption that those Entitlements not taken up under the terms of the Underwriting Agreement. In the event all Entitlements are not accepted and some or all of the resulting Shortfall was not subsequently taken up under the terms of the Underwriting Agreement, the dilution effect for each Shareholder not accepting their Entitlement would be a lesser percentage.

4.10 Lead Manager

Argonaut Securities Pty Ltd (**Lead Manager**) has also been appointed as Lead Manager to the Offer. The terms of the appointment of the Lead Manager are summarised in Section 8.6 of this Prospectus.

4.11 Shortfall Offer

No shortfall offer is made pursuant to this Prospectus. Any Entitlement not taken up pursuant to the Offer will be dealt with in accordance with the Underwriting Agreement.

4.12 ASX listing

Application for Official Quotation of the Shares offered pursuant to this Prospectus will be made in accordance with the timetable set out at the commencement of this Prospectus. If ASX does not grant Official Quotation of the Shares offered pursuant to this Prospectus before the expiration of 3 months after the date of issue of the Prospectus, (or such period as varied by the ASIC), the Company will not issue any Shares and will repay all application monies for the Shares within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant Official Quotation to the Shares is not to be taken in any way as an indication of the merits of the Company or the Shares now offered for subscription.

4.13 Issue of Shares

Shares issued pursuant to the Offer will be issued in accordance with the ASX Listing Rules and timetable set out at the commencement of this Prospectus. Shortfall Shares issued to the Underwriter or sub-underwriters will be issued on a progressive basis.

Pending the issue of the Shares or payment of refunds pursuant to this Prospectus, all application monies will be held by the Company in trust for the Applicants in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

Holding statements for Shares issued under the Offer will be mailed in accordance with the ASX Listing Rules and timetable set out at the commencement of this Prospectus and for Shortfall Shares issued to the Underwriter or sub-underwriters as soon as practicable after their issue.

4.14 Overseas shareholders

This Offer does not, and is not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

It is not practicable for the Company to comply with the securities laws of overseas jurisdictions having regard to the number of overseas Shareholders, the number and value of Shares these Shareholders would be offered and the cost of complying with regulatory requirements in each relevant jurisdiction. Accordingly, the Offer is not being extended and Shares will not be issued to Shareholders with a registered address which is outside Australia or New Zealand.

New Zealand

The Shares are not being offered to the public within New Zealand other than to existing shareholders of the Company with registered addresses in New Zealand to whom the offer of these securities is being made in reliance on the transitional provisions of the Financial Markets Conduct Act 2013 (New Zealand) and the Securities Act (Overseas Companies) Exemption Notice 2013 (New Zealand).

This Prospectus has been prepared in compliance with Australian law and has not been registered, filed with or approved by any New Zealand regulatory authority. This document is not a product disclosure statement under New Zealand law and is not required to, and may not, contain all the information that a product disclosure statement under New Zealand law is required to contain.

Nominees and custodians

Nominees and custodians may not submit an Entitlement and Acceptance Form on behalf of any Shareholder resident outside Australia and New Zealand without the prior consent of the Company, taking into account relevant securities law restrictions. Return of a duly completed Entitlement and Acceptance Form will be taken by the Company to constitute a representation that there has been no breach of those regulations.

6. RIGHTS AND LIABILITIES ATTACHING TO SECURITIES

6.1 Shares

The following is a summary of the more significant rights and liabilities attaching to Shares being offered pursuant to this Prospectus. This summary is not exhaustive and does not constitute a definitive statement of the rights and liabilities of Shareholders. To obtain such a statement, persons should seek independent legal advice.

Full details of the rights and liabilities attaching to Shares are set out in the Constitution, a copy of which is available for inspection at the Company's registered office during normal business hours.

General meetings

Shareholders are entitled to be present in person, or by proxy, attorney or representative to attend and vote at general meetings of the Company.

Shareholders may requisition meetings in accordance with section 249D of the Corporations Act and the Constitution of the Company.

Voting rights

Subject to any rights or restrictions for the time being attached to any class or classes of shares, at general meetings of shareholders or classes of shareholders:

- (a) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (b) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (c) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for each Share held, but in respect of partly paid shares shall have such number of votes as bears the same proportion to the total of such Shares registered in the Shareholder's name as the amount paid (not credited) bears to the total amounts paid and payable (excluding amounts credited).

Dividend rights

Subject to the rights of any preference Shareholders and to the rights of the holders of any shares created or raised under any special arrangement as to dividend, the Directors may from time to time declare a dividend to be paid to the Shareholders entitled to the dividend which shall be payable on all Shares according to the proportion that the amount paid (not credited) is of the total amounts paid and payable (excluding amounts credited) in respect of such Shares.

The Directors may from time to time pay to the Shareholders any interim dividends as they may determine. No dividend shall carry interest as against the Company. The Directors may set aside out of the profits of the Company any amounts that they may determine as reserves, to be applied at the discretion of the Directors, for any purpose for which the profits of the Company may be properly applied.

Subject to the ASX Listing Rules and the Corporations Act, the Company may, by resolution of the Directors, implement a dividend reinvestment plan on such terms and conditions as the Directors think fit and which provides for any dividend which the Directors may declare from time to time payable on Shares which are participating Shares in the dividend reinvestment plan, less any amount which the Company shall either pursuant to the Constitution or any law be entitled or obliged to retain, be applied by the Company to the payment of the subscription price of Shares.

Winding-up

If the Company is wound up, the liquidator may, with the authority of a special resolution, divide among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders.

The liquidator may, with the authority of a special resolution, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any shares or other securities in respect of which there is any liability.

Shareholder liability

As the Shares issued will be fully paid shares, they will not be subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

Transfer of shares

Generally, shares in the Company are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act and the ASX Listing Rules.

Future increase in capital

The issue of any new Shares is under the control of the Directors of the Company. Subject to restrictions on the issue or grant of Securities contained in the ASX Listing Rules, the Constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the Directors may issue Shares as they shall, in their absolute discretion, determine.

Variation of rights

Under section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to shares.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being wound up, may be varied or abrogated with the consent in writing of the holders of three quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

Alteration of constitution

In accordance with the Corporations Act, the Constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

6.2 Options

By this Prospectus, the Company makes an offer of 15,000,000 Options to be issued to Argonaut (or its nominees) pursuant to the Underwriting Agreement. These Options have the following terms:

Entitlement

Each Option entitles the holder to subscribe for one Share upon exercise of the Option.

Exercise Price

Subject to any changes made upon reconstruction of capital, the amount payable upon exercise of each Option will be \$0.07 (**Exercise Price**).

Expiry Date

Each Option will expire at 5:00 pm (WST) on the date which is three years from its date of issue (**Expiry Date**). An Option not exercised before the Expiry Date will automatically lapse on the Expiry Date.

Exercise Period

The Options are exercisable at any time on or prior to the Expiry Date (**Exercise Period**).

Notice of Exercise

The Options may be exercised during the Exercise Period by notice in writing to the Company in the manner specified on the Option certificate (**Notice of Exercise**) and payment of the Exercise Price for each Option being exercised in Australian currency by electronic funds transfer or other means of payment acceptable to the Company.

Exercise Date

A Notice of Exercise is only effective on and from the later of the date of receipt of the Notice of Exercise and the date of receipt of the payment of the Exercise Price for each Option being exercised in cleared funds (**Exercise Date**).

Timing of issue of Shares on exercise

Within 15 Business Days after the Exercise Date, the Company will:

- (i) allot and issue the number of Shares required under these terms and conditions in respect of the number of Options specified in the Notice of Exercise and for which cleared funds have been received by the Company;
- (ii) if required, give ASX a notice that complies with section 708A(5)(e) of the Corporations Act, or, if the Company is unable to issue such a notice, lodge with ASIC a prospectus prepared in accordance with the Corporations Act and do all such things necessary to satisfy section 708A(11) of the Corporations Act to ensure that an offer for sale of the Shares does not require disclosure to investors; and
- (iii) if admitted to the official list of ASX at the time, apply for official quotation on ASX of Shares issued pursuant to the exercise of the Options.

If a notice delivered under 0(ii) for any reason is not effective to ensure that an offer for sale of the Shares does not require disclosure to investors, the Company must, no later than 20 Business Days after becoming aware of such notice being ineffective, lodge with ASIC a prospectus prepared in accordance with the Corporations Act and do all such things necessary to satisfy section 708A(11) of the Corporations Act to ensure that an offer for sale of the Shares does not require disclosure to investors.

Shares issued on exercise

Shares issued on exercise of the Options rank equally with the then issued shares of the Company.

Quotation of Shares issued on exercise

If admitted to the official list of ASX at the time, application will be made by the Company to ASX for quotation of the Shares issued upon the exercise of the Options.

Reconstruction of capital

If at any time the issued capital of the Company is reconstructed, all rights of an Optionholder are to be changed in a manner consistent with the Corporations Act and the ASX Listing Rules at the time of the reconstruction.

Participation in new issues

There are no participation rights or entitlements inherent in the Options and holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the Options without exercising the Options.

Change in exercise price

An Option does not confer the right to a change in Exercise Price or a change in the number of underlying securities over which the Option can be exercised.

Unquoted

The Company will not apply for quotation of the Options on ASX.

Transferability

The Options are transferable subject to any restriction or escrow arrangements imposed by ASX or under applicable Australian securities laws.

7. RISK FACTORS

7.1 Introduction

The Shares offered under this Prospectus are considered highly speculative. An investment in the Company is not risk free and the Directors strongly recommend potential investors to consider the risk factors described below, together with information contained elsewhere in this Prospectus and to consult their professional advisers before deciding whether to apply for Shares pursuant to this Prospectus.

There are specific risks which relate directly to the Company's business. In addition, there are other general risks, many of which are largely beyond the control of the Company and the Directors. The risks identified in this section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of the Shares.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

7.2 Company specific

Potential for significant dilution

Upon implementation of the Offer, assuming all Entitlements are accepted, the number of Shares in the Company will increase from 426,332,293 currently on issue to 767,398,127. This means that each Share will represent a significantly lower proportion of the ownership of the Company. Further, the Shares being offered pursuant to the Offer are being offered at a significant discount to the current trading price of Shares on ASX.

It is not possible to predict what the value of the Company or a Share will be following the completion of the Offer being implemented and the Directors do not make any representation as to such matters.

The last trading price of Shares on ASX prior to the prospectus being lodged of \$0.068 is not a reliable indicator as to the potential trading price of Shares after implementation of the Offer.

Impact of failure to implement the Transaction

As set out in Section 4.1, the Company proposes to undertake the following transactions in conjunction with the Offer:

- (a) subject to Shareholder approval and the satisfaction of certain other conditions, to buy-back and cancel 100,016,305 Shares currently held by Woolworths Limited (**Buy-Back**);
- (b) to complete an institutional placement of 63,900,000 Shares under its current 15% placement capacity to raise approximately \$1.6 million (**Placement**);
- (c) to issue up to 129,049,733 Shares to senior executives and managers of the Company under the Company's Executive and Employee Share Plan (**Share Plan**); and
- (d) to repay \$4.7 million of existing debt, refinance the remaining debt, and procure the removal of Woolworths Limited as a guarantor of the Company's existing debt.

If Shareholders do not approve the Buy-Back, or if the other conditions to the Buy-Back are not satisfied (including the removal of Woolworths Limited as the guarantor of the Company's existing debt), the Buy-Back will not proceed. In this event, if Woolworths Limited elects to sell its Shares on market within a short time frame, there could be a detrimental impact on the price of the Company's Shares on ASX.

The Underwriting Agreement is also conditional (inter alia) on Shareholders passing all resolutions at the Annual General Meeting, and the Company refinancing its debt with one or more major commercial banks. If the Underwriting Agreement is terminated due to any of these or other conditions precedent not being satisfied, or due to the occurrence of any other termination event in the Underwriting Agreement, the Offer may not proceed, or may raise less than the full subscription amount of \$8,526,645. In this event, the Company may need to raise additional capital from other sources to complete its objectives.

If the Underwriter elects not to terminate the Underwriting Agreement, notwithstanding that the Buy-Back or refinancing does not occur, the Company would need to consider alternative uses for the funds raised under the Offer.

Loss of cornerstone investor

If the Buy-Back is approved and completed, the Company will buy-back all of the Shares currently held by Woolworths Limited. It is a condition of the Buy-Back that the Company also refinances its remaining debt (after repayment of \$4.7 of existing debt), and procures the removal of Woolworths Limited as guarantor of its remaining debt.

Whilst the Company considers that the Buy-Back is in the best interests of Shareholders, there is a risk that the removal of Woolworths Limited as a cornerstone investor and guarantor of the Company could have an adverse effect on the Company. The Company considers that any potential disadvantages of the Buy-Back are outweighed by potential advantages. Further details of the Buy-Back are set out in the Notice of Meeting.

7.3 Industry specific

Demand

The Company operates within the consumer goods sector in which demand for its products is subject to changes in consumer preferences and tastes. The nature of the business is such that its revenues are not secured and may fluctuate significantly over time. Any significant decrease in demand, and accordingly in sales volumes, would be likely to have a material adverse effect on the profitability of the Company.

Competition

The Company competes with a wide range of participants in the brewing industry. There can be no assurance that the actions or competitors or changes in consumer preferences will not adversely affect the Company's performance. It is also possible that new competitors will enter the brewing (particularly in the premium brewing segment where there have been a number of recent new entrants) and this also may adversely affect the Company's performance.

Acquisitions, Joint Ventures and Shareholder Dilution

The Company may assess strategic acquisitions and joint ventures as one of its growth strategies. The Company may pursue strategic acquisitions of businesses that complement its existing business. There can be no assurance that the Company will be able to successfully identify and implement such opportunities, acquire or integrate such businesses.

The consideration payable in respect of any such acquisition may consist wholly or partly of new Shares issued to the vendors, in which case the shareholdings of existing Shareholders will be diluted. Further, the Company may seek to raise additional capital,

in order to fund acquisitions, or for other purposes, by new issues of Shares. This would also have the effect of diluting the shareholdings of existing Shareholders. The Company may also elect to fund acquisitions using existing or new bank facilities. The Directors will adopt prudent financial practices in assessing the appropriate funding mix.

Intellectual Property

The Company's commercial success depends in part on its ability to protect its intellectual property assets. The commercial value of these assets is dependent on legal protections provided by a combination of copyright, patent, confidentiality, trade mark, trade secrecy laws and other intellectual property rights. These legal mechanisms, however, do not guarantee that the intellectual property will be protected or that the Company's competitive position will be maintained. No assurance can be given that employees or third parties will not breach confidentiality agreements, infringe or misappropriate the Company's intellectual property or that competitors will not be able to produce non-infringing competitive products.

It is possible that third parties may assert intellectual property infringement, unfair competition or like claims against the Company under copyright, trade secret, patent or other laws. While the Company is not aware of any claims of this nature in relation to any of the intellectual property rights in which it has interests, such claims, if made, may harm, directly or indirectly, the Company's business. If the Company is forced to defend claims of intellectual property infringement, whether they are with or without merit or are determined in the Company's favour, the costs of such litigation will be potentially significant and may divert management's attention from normal commercial operations.

Brand Factors

The Company's products and services are sold under a number of brands. The Company's brands and its image are key assets to the Company. Should the brand or image be damaged in any way or lose its market appeal, the Company's business could be adversely impacted.

Damage to facilities and warehouses

The Company owns or leases production, bottling and packaging facilities and warehouses. Damage to or destruction of these facilities could result in the loss of production capability or the loss of stock, adversely impacting the Company's financial results. It cannot be certain that the financial impact of any such event would be mitigated, fully or partially, by insurance.

Adverse change in input costs

The Company's financial performance is subject to a variety of input costs, which may change beyond the Company's control. This includes changes in the pricing of raw materials including malt, hops, bottles and packaging, fluctuations to changes in exchange rates relating to materials purchased in foreign markets and changes in and changes in utility costs such as electricity, gas and waste water services.

7.4 General risks

Economic

General economic conditions, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's exploration, development and production activities, as well as on its ability to fund those activities.

Market conditions

Share market conditions may affect the value of the Company's quoted securities regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- (a) general economic outlook;
- (b) introduction of tax reform or other new legislation;
- (c) interest rates and inflation rates;
- (d) changes in investor sentiment toward particular market sectors;
- (e) the demand for, and supply of, capital; and
- (f) terrorism or other hostilities.

The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general and resource exploration stocks in particular. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

Additional requirements for capital

The Company's capital requirements depend on numerous factors. Depending on the Company's ability to generate income from its operations, the Company may require further financing in addition to amounts raised under the Offer. Any additional equity financing will dilute shareholdings, and debt financing, if available, may involve restrictions on financing and operating activities. If the Company is unable to obtain additional financing as needed, it may be required to reduce the scope of its operations and scale back its exploration programmes as the case may be. There is however no guarantee that the Company will be able to secure any additional funding or be able to secure funding on terms favourable to the Company.

Dividends

Any future determination as to the payment of dividends by the Company will be at the discretion of the Directors and will depend on the financial condition of the Company, future capital requirements and general business and other factors considered relevant by the Directors. No assurance in relation to the payment of dividends or franking credits attaching to dividends can be given by the Company.

Taxation

The acquisition and disposal of Shares will have tax consequences, which will differ depending on the individual financial affairs of each investor. All potential investors in the Company are urged to obtain independent financial advice about the consequences of acquiring Shares from a taxation viewpoint and generally.

To the maximum extent permitted by law, the Company, its officers and each of their respective advisors accept no liability and responsibility with respect to the taxation consequences of subscribing for Shares under this Prospectus.

Reliance on key personnel

The responsibility of overseeing the day-to-day operations and the strategic management of the Company depends substantially on its senior management and its key personnel. There can be no assurance given that there will be no detrimental impact on the Company if one or more of these employees cease their employment.

7.5 Speculative investment

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Shares offered under this Prospectus

Therefore, the Shares to be issued pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those Shares.

Potential investors should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for Shares pursuant to this Prospectus.

In general terms a “transaction specific prospectus” is only required to contain information in relation to the effect of the issue of securities on a company and the rights attaching to the securities. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the 3 months before the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with the ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and

Pursuant to the Underwriting Agreement, the Company has agreed to pay the Underwriter a management fee of 2%, and an underwriting fee of 4%, of the "Underwritten Fee Amount". The "Underwritten Fee Amount" is equal to the price of all the Underwritten Securities, less the price of any sub-underwritten securities to be subscribed for by those sub-underwriters nominated by the Company prior to the Offer (up to a maximum value of \$1,000,000).

The Company will also issue 15,000,000 Options to the Underwriter (or its nominees) for an issue price of \$0.0001 per Option.

The obligations of the Underwriter pursuant to the Underwriting Agreement remain conditional upon the satisfaction of conditions precedent, including:

The obligation of the Underwriter to underwrite the Offer is subject to certain events of termination. The Underwriter may terminate its obligations under the Underwriting Agreement if:

- (a) **(Indices fall)**: the S&P ASX 200 Index (ASX Code: XAO) is at any time after the date of the Underwriting Agreement 10% or more below its respective level as at the close of business on the date of the Mandate for three consecutive Business Days; or

 - (ii) the Company lodges a Supplementary Prospectus without the prior written agreement of the Underwriter; or
- (d) **(Non-compliance with disclosure requirements)**: it transpires that the Prospectus does not contain all the information that investors and their professional advisers would reasonably require to make an informed assessment of:
 - (i) the assets and liabilities, financial position and performance, profits and losses and prospects of the Company; and
 - (ii) the rights and liabilities attaching to the Underwritten Securities; or
- (e) **(Misleading Prospectus)**: it transpires that there is a statement in the Prospectus that is misleading or deceptive or likely to mislead or deceive, or that there is an omission from the Prospectus (having regard to the provisions of Sections 711, 713 and 716 of the Corporations Act) or if any statement in the Prospectus becomes misleading or deceptive or likely to mislead or deceive or if the issue of the Prospectus is or becomes misleading or deceptive or likely to mislead or deceive; or
